My dear Wife:

Have just come in from a long ride to a meeting which had been postponed.

Dr Strickland has put in a bill for $125. - medical services attending Angie when sick at the hospital with her hip.

Please look over her checks and any letters you may have and tell me all you know about it.

I am afraid Angie paid him cash, and took no receipt. If so, there is no remedy. You will get a letter from Gould about it, but

write to me

I am sure I have heard what was said him but do not know now and if I did it could not be used as testimony. If you can find checks or receipts or any letter about it, or if Willie ever said or knows anything about it, let us know.

Yours truly

Albin.
