

Thomasville N.C. 4/1/60

Dear Sir

Your letter of March 19th was
mailed the 22^d came to hand this
day the person that stated that
there is marble on or near your
land is entirely in error I was
all over the land there is limestone
near the North West Corner and a
bed of Sand Stone rock on the
South West Corner both are open &
have been worked you will find
the same kind of rock on each side
of the Mississippi River the entire
length of the Rapids some 13 or 15 miles
if there is marble on or in the vicinity
of the land I am not aware of it
I will look to the matter fully before
attempting to effect a sale of the land
I have received the patent & will have
it recorded immediately

John C. Thomas Esq
Louisburg N.C.

Very Respectfully
J. C. Gardner
