CHAUTAUQUA COUNTY NY HISTORICAL SOCIETY 2013

Emma is so really of late and why she awakes
with her head lying on her breast so long
so touchfully, suffering & by suffer's weight. I do not sleep
an hour without waking with my hands outstretched
trying to find you and longing for you so intensely for you
to take me to your home so that I may feel your arms
about me, and know that you are sitting beside me
there close beside me, away where awaking is reality
and feeling any disappointment so keenly. It has
been my face made well by means of the pills
and now almost well because I am
a one, all alone, and you my only beloved. What
shall I do, Darling? Can you prescribe a remedy for
this blissful evil? The malady has reached a height
never before known to me, and through the symptoms
have been about me for some time.
Indeed, Darling, I am delighted that the habit of
my name caused you to decide that and live to me for
it did me an immense amount of good. The letter
was perfectly natural, and if you did conclude it
not best to tell me anything. Strange indeed that
you should come to the conclusion at this late
hour. I did not attempt to guess what could
have been the subject of your conversation and
your father, after your telling of the responsibility
of my guessing this with the thought however it was
something very very true. I think, my dear, you
need not have been so sure but I could not
hit the truth. Often the impression you have had

in my guessing that the London Company would
kill Darling. I have not been so much sated and desist for
shame. But Darling, I am sure you shall go as usual
has not returned, and it would be an abominable sin
to go to hear anybody else's opinion. I think it an
exceedingly good idea that touching your back again
is going to cure it, but I do not think however that
I shall think for a moment of it if you are to be
made well by means of the pills.
Most certainly you shall see me again before I go
I could not go without a kiss and I have talked
some of evening. I have been on horseback if
can do it. I have not seen these so much. I
able to do it, but I have not seen it possibly. I would
like it very much, but I am afraid it cannot
be done. I have not seen it since I was here again
how. Have you given up going with me to see
Mop Logan? If you do go, I will start on Tuesday
the first, and stay with him until Wednesday night.
If you do not, I shall not want to stay only
till the night of the 1st. I do hope you can
and will go with me. I am sure you are as aware
about it as I am. I have not seen a letter from Ellen
and she wishes me to see her on Tuesday but I am going
to write her to day that I shall be there Wednesday
or Thursday unless I am prevented. Do not forget to tell you
Dear, that your father has done but the button
holes and I have not seen whether you wish
