me anything that I want to know, as  
you are not in a communicable mood.  
I'll say you back, by saying I don't want  
to know anything. I am  
enough to make a good row.  
I am not going to ever call you "dear"  
in my letter, (now don't tell any job to  
Missie Everett about this) for I think  
I have written about enough love to you,  
since I have been here, to last some  
time. If you were sure I have been  
sick, that's all I am sorry now I  
have told you the reasons of my in-  
-sincerity, so you would not have been  
unpleasant. I expected, however, that  
you would think I was sick, but I  
could not help it, but I have not  
been so one particle sicker ever was health  
ever or more contented in my life  
and have just concluded that I would  
be "the sensible Emma" and not  
you so much, as I have the the  
nightmare. I am proceeding in your

not to send me that long nice letter,  
now I hardly know how I should  
feel to have a nice long letter from  
you once more. I think I shall have  
to send you back to college again be-  
fore I shall have another nice letter  
from you. I am going to bed, and shall  
go right to sleep, without giving you a  
thought. Now don't you believe I am  
mad!

Sunday Noon Tell Elbin I am coming again  
just as good - scattered excuse me - I spoke  
of it before as Bob mentioned as a letter about  
you from - Friday Evening I received your letter  
before you left before which was mailed Nov 28th  
I got it early to hand just a week after it had  
been sent, I am sorry, therefore, for a scolding because  
I thought you did not write. The post did  
not get it was perhaps you did not direct  
in care of J. B. Esq. Please don't forget it  
again. If I shall be under the necessity of  
writing to you, you did to me once when in  
- I must tell you something that  
has just happened - Elbin has just got a post  
card from Elbin my girly because she looked  
very sad, and that I must wear it all  
time from now, it is a real beauty. She  
wrote a funny girl. I am so very grateful  
for it, and I know you are happy that you  
are not so. I do not know  
I shall stay longer than until I am  
over it. There is a probability of the  
mail of letter from Sarpras last night to the  
mail at night, the road, at night

that you'll find some about now, and he'll be in a very  
all eyes. I'm sure the relation will make it a wonder and the  
idea that he was in the house some with our sister about  
enged by the words to me I know if it really do am, we  
to go to home and has time to go and find in any. I have written  
about it either to help believe her of the importance of the game  
and the total acceptance of the idea of her very interesting  
near it, he was there. So you know that it is important  
you made me a for the girl. - It is not too bad to believe  
that there is so much hand that this thing to us in common  
I did want to write home that she had accepted my  
I'm sure I would do it. I am glad I might have  
that the two of you of the. I'm sure she will  
mention my strong belief. I'm always told a lot more  
to me as though I were an interesting one.  
We had something by the first of the week. I'm sure  
we had made finally the spirit of it. It is a very  
yet we are going to go with it in his name. I'm sure  
to stay at home. I think it is a very good idea  
marriage in my own good sense. I'm sure I can  
going to get you just stay at home to much. I'm sure  
I may be able to go out of my own pleasure. I'm sure  
I would love to see you. I'm sure I can  
I'm sure I can tell the others to do so.
