

Danville Ky

Oct. 22-1862

Emma.

I am in Hospital at this place
or rather a patient of the Hos. and not an in-
mate as I am boarding at a private family. I
have intermittent fever with general exhaustion
and prostration. How long I shall be here I
do not know but it will doubtless be several
weeks before I can rejoin the regiment. I
am taken good care of, and shall get along
as well here as anywhere. I am very weak,
scarcely able to write at all. You had better direct
for a time to Union Hos. No. 1 Danville Ky,
I shall probably stay here until recovered though
I may go to Louisville or Columbus as a conva-
lescent. Do not worry about me.

Your Truly

A. W. Bourque
