

1066  
Philadelphia, Sept 24<sup>th</sup> 66

My dear wife - I have been making some arrangements for your comfort when you may come on here next week as I expect and hope that you will do. I now wish to give you some further directions. You must first on your arrival write a note to Col. F. Jordan No. 1103 Chestnut St, telling him of your arrival, inquiring my whereabouts, &c. He will answer you at once and send you some more money. You will then get what you need in Phila. and come on to me or telegraph me of your whereabouts. I suppose my headquarters at ~~that time~~ will be

at Pittsburg and I shall not be far  
from there. I hope you will come on  
in time to stay there with me over  
Sunday. If you are able to do so  
come on after telegraphing and stop  
at the Munnigahela House where I  
will secure rooms for you before  
But do not leave Phila without telegraph-  
ing to me first. The Munnigahela House will be  
my abiding place until after that time I suppose  
James had better go on by the Phila & me  
leaving you at Harrisburg. The road  
on to Pittsburg from there is perfectly  
plain there being no change of

cars at all. You can make the  
trip very easily alone. Take a sleep-  
ing car and be just as comfortable  
as possible - God grant I may  
see you soon -

A. W. Frueeze
