

Office of Probate Judge of Ashtabula County,

Jefferson, Ohio, March 28 1867

A. W. Tourgee Esq.

Dear Sir.

Enclosed you will find a recommend signed by every lawyer in town except one or two who never knew you.

Mr. E. B. Wavelburg has been sick all winter, perhaps he would have signed it had I gone to his house, but his son H. B. thought it doubtful whether he would remember much concerning you and under the circumstances I thought it as well not to do so. Had he been able to be in his office no doubt his signature would have appeared. No one hesitated at all in the matter, and we hope you may be successful. Messrs Wade & Betts desire to be remembered personally to you and wish you success. The paper was drawn up in their office. We hope you will meet out justice to those rebs as far as you are able. I received a paper from Greenborough which I supposed came from you and you have my thanks for the same.

Of course you hear from Kingsville and keep
posted on the progress of things in that place.

Every thing here is moving favorably. The bad
roads and cold inclement weather makes
business dull here just now but it will probably
improve when the going does.

I shall be happy to hear from you at any
time when you have leisure to drop me a
line

Yours truly

P. T. Cushing
