Wilmington, N. C., Aug 6th, 1868.

My dear Judge -

I wish you would urge the passage of a law to advertise the acts of the Gen. Assembly. We can tell nothing down here of the laws - I have not noticed the Co Court Clerk nor the Clerk & Master in ^{the} Court, because the laws have not yet passed. Every man having business before the courts is waiting - I am doing absolutely nothing & the short one are all having a deal of time - Can you hurry up the records? I can assure that we are now ahead of them in your books. We are all well down here & waiting - What's what's the matter?

Yours Always,

J. Mann
