DEMOCRAT & CHRONICLE,

No. 3 West Main Street,

Rochester, N.Y., *Jan 25th* 1876

My dear sir:

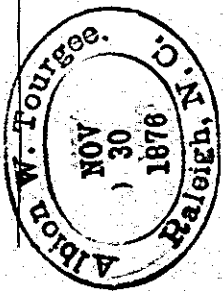

Before publishing your very valuable communications sent us during the campaign, I lost your address, and was unable to forward the papers containing them. They were read with exceedingly great interest and I trust had a good effect. I will forward you copies now if our issue of the date in which they appeared is not exhausted. I thank you for the very valuable letter in regard to the ^{Alabama} ~~Alabama~~ papers, which I publish this morning, and should be grateful for further communications. I am in full sympathy with all Republicans, struggling for good government at the South and

although the outlook now seems
dark for them I am sure the
clouds will in time be lifted, and
their work be duly appreciated
by the country.

Very truly Yours
Chas. C. Fitch
