Hon. A. W. Tourgee

My Dear Sir

I have examined with some care your Code of Civil Procedure with notes and decisions, though not with as much ~~care~~ as I propose to, use. I have no doubt it will be extremely useful both to the practicing lawyers, and to Judges, and to all who wish to study our system of practice and procedure. To all these it will save much labor, and ~~perhaps~~ give ideas which might not otherwise occur to them.

respectfully

Yours
