My Dear Tourjee -

I enclose Judge Hewitt - as to the \$50 - let me
make a little exhibit -

I paid you for patent writer - (I think it was)	\$ 35-
I loaned you before that \$40 & \$5-	50-
There is due on the mortgage - <u>about</u>	95-
Mahler says he has an order for	50-
I have thrown into your hands - at least	100-
I reduced your map - which if charged for would be	10- 5330
I signed your official bonds - and in every way in my power - have aided you - as you have me - I do not think you ought to ask more - I think you ought to be satisfied - I have not <u>made</u> a dime by your services - I doubtless <u>save</u> several in the Lee cases - but you made me employ G & G in the Young case, who charged me \$100 - & say that you say that is just - I then thought and still think that expenditure wholly unnecessary - Fuller will charge me <u>also</u> in the Lee cases - Fowler - the birds of prey - charged me in the Pepper case - The Manning case vs Franklin Co was not litigated - For Lewis case <u>let go</u> -	

I hope you are not over sanguine - that you will win - The sending of your goods to Penna was a bad move - What prospects for?

I will see Maguire today - but he is the wrong man to see Sumner - Better get Young to do it - I have been very busy - & neglected your letter -

Hoag has not written me - He knows what you ought to know - that Maguire & I are not the men to negotiate with Sumner - Badger Young & Forrell are his right bowmen -

In haste
Yours -

W. P. Huff
