

ALBION W. TOURGEE,
ATTORNEY,

Greensboro

Raleigh, N. C., Nov. 24th 1878-

My dear wife:-

I have written you five letters, today and burned them all up. Whether this will go or not, I cannot say. Be patient with me. You do not know how I am crushed now how I have suffered. I am sorry enough to hear that Lottie is sick - Her letter and composition pleased me very greatly - God bless her.

If I can raise any money at all, I will send you some. I will send you a Code. I have some of the addresses -
timents of the Digest -

Forgive me, but I cannot write -

What could a man do in such
a situation without money!

Don't think of the future - but I will
tell it comes - I don't look for it at all.

You know I will never make any
business arrangement you do not approve - I
promised you that - Do not look for letters
from me written during the week - I work so
hard I cannot write them - We work from
9 or 10 until 10 at night when the proof comes -

It frequently takes me till 3 or 4 and some
times till 5 or 6 A.M. to send that so that it

can go down on the 8 A.M. train.

I cannot write

Good bye darling
