My dear wife:

I do not believe anything was ever so opportune as your letter of the 19<sup>th</sup>, rec'd tonight - I do not see just how it is to be reduced to practice just now as I have no money to bring you here, but I will arrange it somehow. It must have been an inspiration. It will be so delightful for you to be here this beautiful spring weather and our sweet little jasmine will get the breath of her native South, we will have some joyous weeks and start off with strong hearts and brains for our new home - God is in it - I feel that He must be - He cuts all the ugly knots too, and makes

me happy and grateful, as I ought  
to have been all the time - And by taking  
Phila on the way, the cars can be attend-  
ed to also - It must be right and  
will be so sweet - God bless you for  
the thought, dearest of darlings -  
Tonight I have had two offers of another  
character - 1 - Someone sent for me  
and wants me to contract to serve him  
for two years at \$1200 - per an. pay-  
able monthly in advance, and travelling  
expenses - I don't fancy it - The  
other is from Rutherford and I en-  
close it to you - I will leave them  
both until things shall ripen and  
I can see you and determine with  
you, what we shall do -

Good night dear Darling, God  
be with my wise dear hearted  
wife - Kiss the Darling and give  
love to all - Albin -
