2-P.M.

My dear wife:

We leave here for Galena at 3:50 and return here tomorrow and stay over night. We did not get quite the \$90 I expected each night but had over \$80 so that your draft went on tonight all right. Your happy letter was also received and I was as glad to hear from my love again. You will have to wait for me about ten days and then I will make you weary of me before I leave you again - I fear many times. I am feeling better and am preparing myself to live cheaply the rest of my mortal life. I eat now nothing but crackers and milk and now and then a bit of rare beef. You see what I am preparing for - no coffee no tea - nothing but crackers and milk. I am going over to address the Conference in a few minutes the West Kansas and then prepare to go on to Galena. I am afraid I will hardly be home in time for the ride on the lake, love to his!

God bless you - Albin
