Dear Sir: I have been absent from home for nearly a month, hence my delay in answering your letter of 15th inst. The letter matter to which you refer, "Epistles of St. John" and "Letters to a King," has not come to hand - or at least has not come into my own hands.

I fear it is now too late to take up the series.

I wrote your publisher, a good while ago, asking for your "Letters to a young Man," but never received a response.

Yours truly, H. G. Otis.
