My dear Judge

Your letter of the 7th,
referring to the Digest, came duly
yesterday; and, although my inquiry
had been made without any idea
of our having anything to do with
a scheme of such large re-
quirements, it has greatly interested
us all. We will think it over
and make some effort to interest
the right parties in it. Of course
we shall not "shop it around",
but act with such discretion
as we may be able to, and
will report later.

Very truly,
Yours,

J. R. Howard
