

N. Y. Feby. 26. 1887.

My Dear Judge,

I wish you would send me 4 or 5 copies of "What the press says". Want to use them the middle of next week. The reason that I wired you to send 3000 was on account of what Mrs. T. wrote I supposed you had a quantity of them.

Everything is going along first rate and we are doing missionary work till who tied the dog loose. We shall have the tickets and distribute some of them to the "Chorals" on Monday and shall look for great results.

I believe that every man I have spoken to about the lecture will be there.

The Brooklyn matter is off for the present but is certain to come later if you desire it.

Hastily,

Ed. H. Nixon.
