GEORGE L. LEWIS ADELBERT MOOT.

May 4 - 1887.

Dear Toujan,

Your yes, I rather
understood to be sure, but yours
said this morning left no doubt,
I am very glad you are to be
one of us. Would you like to
have a hand in the catalogue
to be sent out; in other words
would you like to have your
library skill show forth in
its pages? If so when we get
it blocked out we will send it
up. Could you and "Madam" come
down and stay all night with us
some night so you can meet the faculty?
I enclose letter omitted by mistake. My. A. B. Moot
