My dear Mrs Touger

I shall be glad to
send out the Law Circulars.
I have been thinking about
"89," & if it can be completed
so as to go upon the market,
so to speak, about July 1st, do
you not think it will be
well? Will it not furnish
food for discussion all
Summer when topics are
usually scarce? Will it not
be a book lawyers and business
men will like to read during
vacation? Yours, Adalbert Moot
