57 WASHINGTON STREET.

OFFICE MEMORANDUM.

Chicago, June 3, 1887.

Dear Dr. Tourjer.

I am glad you give me the chance to suppress your tribute to the "Cynosure". It is a big-stemmed bumble bee whose buzz would not be emphasized by contact with your attention. The paper lives on just such issues and it serves but to divert the zeal of good but ignorant people. Don't let John's affairs be affected thereby.

Your friend
Arthur Edwards
