My Dear Judge,

Enclosed you will find invoice of a set of wheels shipped you from Ind^pl's on the 24th which are probably at your place by this time.

We can get a cash discount of 5% if paid on or before the 10th of July otherwise no discount.

This price is for the wheels on cars at Indpls., you will have to stand the freight, but then it will save you nearly \$5.00 on the set, which is worth saving.

Of course you wont let your dealer or carriage maker know what they cost.

We are all well and trust that you and yours are ditto.
