

New York 30 (1887)

My dear Madam

Many thanks for your favor  
of the evening.

I trust the Judge had gone back  
toelling,

Your idea of North Carolina is a  
good one, a capital one,

On my former Fayetteville visit  
I saw some trouble to you  
and the Judge touching North Car-  
olina.

When with you both and you  
know what has been done in  
other States I fear you will think  
that North-Carolina has been neg-  
lected.

I was at Long's today and a prom-  
inent newspaper man charmed to  
be at the dinner table, & turning  
to one remarker, you are a political  
propagandist, your prediction of  
last evening is going to be the

-ified, although I can not think so  
them.

I shall hasten my Conference with  
the Judge, as much as possible,

I am

Mrs A. N. Longo

Yours Faithfully  
J. Smith Linn
