Dear Sir:- We have received advise from our Cincinnati house that you have asked them for rates for advertising 3 In. in the Western, North-western and Central Christian Advocates. As they did not say how long you want the advertisement to run, we could not tell just what it would cost you. However, we will insert your 3 In. advertisement 1 time in the three papers for \$17.64. The advertisement of your lectures in half the space would cost you just half this amount. We have made you a discount of 40% from our regular rates.

In writing to us in reference to advertising will you please address us at Chicago, as the advertising contracts are all made from here.

Yours Truly,

Cranston & Stowe.
