Hon. A. H. Torrey  
Mayville, N.Y.

Dear Sir:

During a recent conversation  
with Mr. O'Brien I became much interested  
in one of your inventions and told him  
I would do my very best to call  
upon you at an early day.

From day to day I have been detained at  
home but hope that ere long I shall be  
my way clear to make the journey.

Very truly yours

A. Deb. Lovett
