Sept 20-1887.

Dear Prof. Ferris I was disappointed more than you by my failure to get to May-

ville, I think it tells an Illinoisian came out of his way en route to New York in order to look up a man that lived here who was in the Chicago Convention in 1860, but whose name he has not flip, He turned out to be a our hot American man who wanted some friends, He was from Champlain County, I will tell you soon when I see you, which will be this week some time provided you remain in Mayville,

I am pleased with the outlook,

Yours faithfully
