Mrs. Furgess,

I have been  
thinking sometime to write  
you.

The people in Greensboro are  
progressing rapidly.

The great command in  
Warnersville among the  
colored people is more money  
for school purposes.

When the census for this  
term was taken there was  
enrolled 375 children.

We have only succeeded in  
securing money enough  
for two teachers and we  
greatly fear that these  
two teachers will be so

much overworked as to not be  
able to give the children justice

Mrs. Burgee do you know of  
any wealthy persons who would  
be willing to help us pay for  
another teacher?

We would like for to begin  
the school on or near the  
first of Oct.

Would you name this to some  
of your friends and in fact  
be a missionary for us and  
help us in this our time of  
need?

Let me hear from you  
very soon and Oblige

Your Friend
