Thursday Evening

My dear Emma:-

I hope you will like the frame I send you for your "blue room" picture, and that it has reached Mayville and you in safety. I am a bit anxious about it as I sent it to Westfield to Lodie to care for last week, and have learned nothing about it since.

To-morrow promises to be pleasant. I hope the sun will shine and everything about you and your home be bright & pleasant and you have a very happy birth-day.

Very lovingly
Dugie
