Dear Madam:

Your letter of Sept. 27 -
with enclosed postal note for \$1.50
is acknowledged with thanks.

I am sorry to hear that Miss Lodie
is still in delicate health. Her ambition
should be now to get strong and
not to be the first in school, she
has a great deal of time yet for studying.
The article on "Button's Inn" in the
"Literary World" I had read before in
that paper and with much pleasure.
I know I shall enjoy the reading of
the book so much the more, having
become acquainted with its author
and with the scenery in which part
of the story is laid.

With kind greetings to Miss Lodie and kind
regards to the Judge and to Mrs. and Miss
Wilbourn I am Respectfully
Yours,
G. K. Butterberg
