Hon. A. W. Tourgee,

Mayville N.Y.

Dear Sir; We have had the print cut down to the size of the page of the proposed book, and submit it to you for your judgment. It strikes us that it would be better to cut it off just above the quotation, and leave it without your sentiment and signature. If you do not like this, it would be better to let him keep his prints and send us an electrotype made from the steel plate. It can be done successfully in New York, and then we can print our own as we wish. The price he asks is about double what we charge for a milar when we have the plate to print from.

Yours Truly,

Cranston & Stowe
