My dear Sir

Once I was a student at Kingsville Ohio and became well acquainted with your father & heard you there. I have read your articles in the Central Christian Advocate of St. Louis Mo. If you are coming West this Winter we can make it to your advantage to stop & speak in our town. Flagstaff is on the Atlantic and Pacific railroad, the direct route into California. Our town is beautifully loca-

ted in the great Pine timber belt of
Arizona.

You have many admirers &
readers in the West.

Let me hear from you.

Yours truly
