Dear Mrs. Louger

After looking around
and making enquiry I have concluded
that, James Cameron & her Husband, John
will suit you as well or better than any
one I can get, the woman is very indu-
strial, neat, and clean, her Husband is
a man that will do his duty and try to
please you, they have been married
some 5 or 6 years and have no children
I don't think their family is likely to increase.
James says she knows you as the Judge
and is anxious to come & live with you.
If you think they will suit you they will come
at once,

Yours Truly,
J. D. White
