Hon. Albion W. Tourgee,

Mayville, N.Y.

Dear Sir:

I would like so much to be informed by you as to Mr. Blaine's policy on the Behring Sea question and also as to your own opinion in regard to that question. I am to present a paper on the subject and do not know where to find sufficient data in order to post myself hence I write to you. If you have not time to write me fully please tell me where I can get the necessary information. Any thing you may do for me will be regarded as a kind favor and will be thankfully

and gladly received.

I read the Inter Ocean regularly and the "By Stands er's Notes" are never passed unperused. That is my only excuse for venturing to trouble you.

Hoping that my request may meet with favor at your hands and that I may hear from you soon, I am

Very Truly Yours,  
S. P. Harris
