A NEW BOOK BY THEODORE S. VAN DYKE.

Millionaires of a Day

AN INSIDE HISTORY
OF THE
GREAT SOUTHERN CALIFORNIA BOOM.

Readers of Mr. Van Dyke's other books (his "Southern California," "The Still Hunter," and "Rifle, Rod and Gun in California"), will know that in this little volume they have a treat in store. The author's perfect knowledge of the country, his wit, keen observation and shrewd sense, with a peculiarly clear and direct style make all his books readable, while the present one is valuable both as history and as a study of human nature.

Extra Cloth, \$1.00; Paper, 50 Cents.

A NEW NOVEL BY TOURGEE.

ALBION W. TOURGEE has written so much, with such variety of theme and character, and always so forcefully and with such hold upon the interest, the intelligence, and the sympathy of his large clientage of readers, that his new book will have a wide welcome.

MURVALE EASTMAN:

Christian Socialist,

Is the title, and indicates the new line of vital questions which he is studying. Judge Tourgee is always timely. His "Fool's Errand" fell as a spark on prepared tinder. His "Murvale Eastman" will rattle the dry bones in many a "Christian church" that worships by theology instead of by the Gospel of the Nazarene, and will show both rich and poor, capitalists and laborers, lockers-out and strikers, conservatives of "what is" and demagogues who would destroy all things, that there is a simple way out of the tangles of selfishness.

His pictures of life and character in this book are full of his old fire and dramatic instinct.

Extra Cloth, \$1.50.

RED-LETTER LIFE OF THE REPUBLIC:

THE GENERAL VIEW.

THE FIGHT FOR THE UNION.

Stoddard's **ABRAHAM LINCOLN: The Man and the War-President.**

"Keeping always to the true historical perspective, setting forth the person of Lincoln in high relief against the dark background of the times; summing up the evolution of political parties, the history of a military campaign, in a page or a paragraph; written in terse, clear-cut English; intensely readable from beginning to end."—*Literary World* (Boston).

Williams' **BULLET AND SHELL: War, as the Soldier Saw It.**

"Very correct history."—U. S. GRANT.

"I have no hesitation in recommending your interesting volume. The vein of humor and fun which pervades your book is also the usual attendant of the ranks of any army."—W. T. SHERMAN.

"I have read the book and enjoyed it extremely, as giving such an admirable picture of the interior of army life. Every soldier who reads the book will see himself in many of the scenes described."—Geo. B. McCLELLAN.

PRINCIPLES OF CIVIL LIBERTY.

Beecher's **PATRIOTIC ADDRESSES** in America and England (1850 to 1885).

"The contents have been well chosen, and well represent Mr. Beecher's extraordinary powers as an orator, and his eminent services."—*The Nation* (New York).

"We welcome this volume as a contribution to the history of the nation in its most critical period, and as a testimony to the statescraft of one whom we esteem as one of America's great statesmen."

FACE TO FACE WITH THE MEXICANS:

THE

Country, History, Domestic Life, Educational, Social, and Business Ways of the Mexican People,

As Seen and Studied by an American Woman During Seven Years of Familiar Intercourse with them.

By FANNY CHAMBERS GOOCH.

With 200 Illustrations from Original Drawings and Photographs.

"The Mexican People are exhibited in this book, in their streets, shops, homes; we observe their habits and peculiarities, we hear their language, we are taken into the *petate* of their dwellings—their nurseries and kitchens; nothing is reserved from us; the whole Mexican character is unveiled. It is like living in Mexico to read this book. Altogether this is a fresh, piquant, instructive and readable work. Many books take one to Mexico; this takes one into Mexico."—*Literary World*, Boston.

"With a peculiar insight into their habits and customs, and a singular sympathy for every phase and condition of life of the Mexican people, the author has given a remarkable variety of details of valuable information alike interesting to the traveler and useful to the business community. The book is a treasury."—M. ROMERO, *Mexican Minister at Washington*.
