Dear Emma:

Yours with afft. recs.

Thank. It is first rate. I do not know that I have any suggestions to make as to amendment or alterations. Except I would like to have him state when he first knew that I had heart trouble, if <sup>he</sup> can recall it. - I think he will at least remember that I complained of this the winter I spent in North Carolina.

at the tops of the pages are filled out, certain lines will be concealed, so that in order to read them, the fasteners have to be removed.

Do you know the address of W. J. Gibbon? He could supplement the Judge's testimony as he would tell the matter out of the Right & I saw him almost daily. If the Judge knows his whereabouts I wish you would let me know. It seems to me I heard he was in Cincinnati.

What in thunder is the matter with the Republican army? There is no use fighting for a Congressional Dist. here & there. Better let the tail go with the hide - give 'em all the rope they want and stand back and see them hang themselves.

Bessie is expecting a letter from you. She sends love to both.

As ever

P.S. It is well for the affiant to say in conclusion, or in the concluding ~~sentence~~ ~~and~~ paragraph that he is not related to the applicant.
