Dear Judge

Apr 15/90

Your plate copy
is recd & sent to printer.

I don't like to see
men so in earnest about the
wood of the "Common people"
losing sight of the importance
of breathing spots — lungs —
in a city, & building up Golden
Square with brick & iron.
Can't you leave that open
— at least after the Underwood

has put up his big affair,
let Kishu give identity
of his one & one where else?
Don't shut up the last
piece of greenery left!

R.H.

"Letty" is a mighty mean
name for Mrs. Letta!
