

FORDS, HOWARD, & HULBERT,
PUBLISHERS,
No. 80, Lafayette Place.

Dictated.

NEW YORK, Dec. 1st. 1890.

My Dear Judge: -

Your head is level; all the more because it corresponds with an idea which has been mooted among us here to the same effect as your letter of the 29th Nov., - namely that Sabbath will stand a better chance if published early in Jan. rather than in mid-December. We have, therefore, decided to postpone its issue until Wednesday, January 7th.

Faithfully Yours,

What man of mark could we send it to who would read it & make a remark or do about it wh. could be utilized Early? One I think of is Lyman Abbott Ed. of the Union & Pacific of Regatta Church. But when do you think of?

(over)

What was the place in
Canada when you began
mining or when you started
a party of men? A
family got up and they
to Canada & might make
a point then
settled in the position of
settlers.
