Dec. 2, 1890.

owing to unavoidable delays it would be impossible for us to issue Judge Bourge's new book "Microscopic East Sun" before Dec. 15th. We have, therefore, thought it best to postpone the publication until Jan. 7th, when the Holiday rush will be over, and dealers and buyers can give the book the attention it deserves.

The book will be published in Great Britain by Messrs. Sampson Low, New Street & Co.

Yours truly,
Fords, Howard & Hibbert.
