Dear Mrs Torrey

I must have a whole day and night to read Pae-
tolfus Prime, and then when
I understand it, I am going
to blow about it, as an espe-
cial favor to every body,
for I have not the least doubt
the reader will be more ben-
efitted than the writer, even
more than his letter 2/3, I
know you will take good care
of the other 1/3, for the world has
much use for it.

With much respect and
admiration I am Yours truly
Harrison Kelly
