Judge Touger  
Dear Sir:-

I sent you  
a manuscript by registered  
letter, but I notice the  
receipt, reads Maysville.

If the letter was so direct  
ed there will be some delay.

I have just read your  
last paper, in my last  
week's Inter Ocean, and  
see that, it covers some  
points in my letter, and  
speaks volumes in a few words.

I have often wished that you would write a paper on the legal and moral dissection of that growing heresy, which is being fast woven into Common Law, and Religious tenets, - namely that, it is no injustice nor insidious discrimination against colored people to set apart separate apartments, so they be the same, as for white people.

I hope and pray that the election <sup>bill</sup> passed the Senate.

Sincerely Yours

J. T. Robinson
