Hon. A. M. Janssen
Mayville, N. Y.

Dear Sir:—What do you think of Andrew D. White for governor?

This question is asked you with nine other representative men of Western New York for the purpose of a symposium to be published in The News about Feb. 5th. Our politics in this state must be got out of the rut in which they are today as the grand old party is a wreck upon the shores of time.

May I look to you for an early reply?

Yours

Benjamin Dean
