Mrs. Eldred Lott -

Dear Madame:

The Committee to nominate members of the Prison Association for the County will meet in a day or two. I think about half of them should be ladies.

Will you be kind enough to name ten or twelve in different parts of the county who in your judgment would be good ones to serve as members of the Association. Please do not restrict them to one line of thought - let them represent as many types as you conveniently can. You need not name any for Mayville as you will be sufficient and all the two gentlemen who will

be named from here can  
possibly keep from doing some =  
thing.

I would call and see  
you about it but I am not  
very well and my deputy =  
guardian has got me backe  
ed up — for my own good  
as we wish a good boy.

Yours truly

Wm. H. Bourne
