WINONA, MINN., Feb. 7, 1891

A. W. Sawyer,
Mayville, N.Y.,

Dear Sir;

Several young men
of this city, myself included,
have arranged for a joint
debate to be argued Friday
evening Feb. 20th and I
being on the negative side
of the question: - Resolved
that the railroads of the
U. S. should be owned
and managed by the
Government; - Would re-
spectfully ask for your
views on the question
through the columns
of the Chicago Inter Ocean

Murder "bystander's notes" or
by personal letter.

Being a stranger I dislike
to trespass upon your
time and good nature w/
a notice of this request
will be greatly appreciated
by a reader and subscriber for
the New Ocean and

Yours very truly
Edw. White
