Mr A. N. Scurge

Dear Madam

We regret that the Tablets have not given satisfaction, but they were the kind the vendor, who took your order, had in mind when talking of the better grade. The cheaper grade first shown you are of a much poorer quality than those sent. As to the boxing, our shipper purposely used boxes, in order to insure greater safety in transportation. For our experience in sending such large Pkgs, wrapped in paper only has been a dear bought one. We would be quite willing to make any satisfactory change, if the distance were not so great, as it

is, it would not pay to have those you
now have returned for better ones

I Enclose the sheet you returned us, on
which I have written each Ink - probably
you have not given it a good trial.

Very Respect Yours
W. H. Hoskins
