Dr Sir

God bless the

"Bystanders" for the sturdy blow he is  
delivering in the support of equal rights  
for the colored people, and it must be  
highly gratifying to him to know that  
those very blows are being felt, as  
evidenced by the growth of the "groundswell"  
as set forth in the "Bystanders" note  
in the Inter Ocean of July 14<sup>th</sup>,

starting the day when the "Bystanders" and all  
such "fanatics" shall see the fruit of their  
labor in the supremacy of every right and  
every privilege guaranteed by the Constitution  
every citizen, whether he be white or black,  
"Bystanders" have never weary in their  
work.

Truly Yours  
W. G. Coleman
