Judge Albion W. Tounges
My Dear Sir

I dont know whether or
not you can judge from my writ-
ing that I am a colored man
but such is the case. Although I
am sometimes accused of having
white blood in my veins. but
and my white blood never speaks
as we pass by
now will ^{you} please send me the
name & address of that great
cultured colored woman who would
gladly lie down and be flayed
if she could rise up white
by so doing you will oblige

Yours truly
