Dear Miss Fergie -

Your favor with
enclosed check rec'd today.
Thank you very kindly for
same. Miss Fergie's school dress
will be finished this week as
will also her lining soon.
I have bought silk for lining
her coat fronts, which gives
the dress quite an elegant
appearance & finish. I will
try very hard to get your wrapper
in next week. But as we are
going to move into a more
roomy house next week I fear

to promise it positively.

Would you prefer the ribbon to match your wrap or a combination color. I think a ^{black or cream} lace jabot reaching from top to bottom in front would be pretty and lace coming out from the garnet cluster to look like underslens tied with very narrow black ribbon. Write me if you would like this style. Again thanking you

I remain

Very truly yours
