Mr Fergie

Dear Sir

Forgive me once

more I know I ought not
to trespass your time.

But I feel that just such men
as I have been here in a great

measure furnished our Party
leaders the possibility to

totally ignore the wishes of
their constituency and helped

them selfish pig headed men
by supporting them fully no-
matter what they do.

I have waited for years in hopes
that you and the Interviewer
would thoroughly ventilate

The Representative Question
from the Appointment of
Washington - which first
time was the only Constitu-
tionally Precedent - we ever
sent down to today show-
ing the effects by counting
in by Negro Count - first
3 Men 5 and no vote
and its disfranchising effects
on us - and its demoral-
izing effects on Congress -
the wicked waste of time
and delay of Business and
the consequent - Depression
in business - arising from
Political meddling instead
of Businesslike looking
Integrity of a vital Prin-
ciple and getting the matter
in an Integrous business
like matters - I believe that
keeping the same men in

Congress for a generation
is a demonstrated failure -
we want great men from
amongst - the People and
of the People
In our day the masses of men
are compelled to greater diligence
year by year and have less
time to devote to Politics
and their spare time is devoted
to the reading of our grate-
ful and good Papers they are
the Ballast of their mental
Times and you hold a
preponderant Influence
I tell bless the Order Ocean
and the able Corps -
I know you will take hold with
your eye for the and will
look the truth or get the matter
and I write with full confi-
dence your truly
O. J. Ireland

And when you take hold don't
let go until after the next
National Election - I know
they mean to win that Battle
in the Senate - but they want
you have to give the masses of
the People a little and then
and for a long time to have
thoroughly soured in - for
the controlling masses are
rememorable being and its the
9999th time that tells the
Story - The Election Bill is to
be a shame and Incurrague
to being called a Force Bill
The Representative Principle
ability and Integritly discom
would Command respect and
Intelept Consideration it is
not generally understood by the People
