

The Industrial Missionary Association of Alabama.

Our Aim, Christian Manhood.

Our Field, Southern Plantations, where live nine-tenths of the colored people.

The Need. These are the poorest, the most ignorant, the most degraded and immoral: the ones heretofore passed by, by all the Associations, as hopeless, but, *The Son of Man is come to seek and to save that which was lost.*

Our Methods seem to be the only ones that promise success in such a field.

Investigate.

Judge A. M. Younger
Dear Sir:—

I enclose ten cents and ask if you will be kind enough to send me a copy of the article you published about a year ago (possibly Feb. a year ago), in the New York Tribune on the "Negro Problem". In it, you gave statistics concerning the proportion of Northern whites in the South before the war. You ^{gave} statistics respecting several things which facts I wish to get.

I shall thank you much if you can forward this document at once.

Most sincerely yours

G. M. Elliott
