Dear Sir : -

On receipt of this letter please quote us price per page on about an eight page serial. We are thinking of having stories of about this length written by several different authors, and having them copyrighted to be used in our plate business, and if we can make satisfactory arrangements with you, will probably give you an order. We would like to have the story by May 1st.

Kindly give this matter your attention, and name your price per page.

Yours respectfully,

INTERNATIONAL PRESS ASSOCIATION.
