Judge Tourgee,
Mayville, N.C.

Dear Sir:-

I herewith return the "Mohawk Conference" report and for fear of damage will register it.

Accept my thanks for the favor. I had seen only short references of the meetings and was greatly interested in reading the different views of the same thing.

It will undoubtedly be of great benefit - for most of them seem to have been in their first "experience meeting".

I am positive that you turned the tide - even though you had to skin several

prominent persons in so
doing, but it was better so,
in order to raise the Conference
to the supreme heights of
its sacred commission which,
yourself and Mrs Leheney
only, seemed to forecast.

I congratulate you, for exhib-
iting that high moral cour-
age, which cost a man
something, in a place where
most men usually wilt
and fail - under high social
pressure. May God bless
your labors for humanity!

Yours sincerely

J. T. Robinson.
